

Announcement

I am pleased to announce that Rick Mueller has joined us at Sharp in the position of Senior Project Manager supporting Team Monahan XPReS Team. Rick has a Bachelor's degree in Business Administration from DeSales, and also an Associates Degree in Electronics Engineering from Lincoln Technical Institute. Rick has over 22 years experience in operations and project management roles in several different industries, most recently spending four years with Amcor/Alcan Packaging in Bethlehem, Pa. In addition to Rick's experience in the contract packaging business area, he has also earned his Green Belt in Six Sigma and is currently preparing to take his exams towards PMP (Project Management Professional) certification.

Rick will be supporting XPRes Team Monahan, working jointly with Eileen Perry. Matt DiCara will move onto Team Zurlinden to provide additional support to Laura's Team and to also lend his experience towards the evolving Biotech and Specialty Pharma market segments that Team Stehn has grown over the last few years.

Please join me in wishing Rick great success here at Sharp in his new role on Team Monahan.

An updated XPRes Team assignment slide is attached for use in identifying the specific supporting Teams working with each Account Executive.

A handwritten signature in black ink, appearing to read "Rick Seibert". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

**Rick Seibert
Vice President – Project Management & NBD**
